Subject: Enbridge EB-2022-0200
Importance: High

I am writing in regards of notice received about Enbridge request to increase rates. Prior to May 2022 we were paying \$179. per month equal billing. In May they installed a new meter. We then received a letter in June they were going to increase the next 2 months to 348. to make up for a short fall in usage. July was billed at 359.03- Aug at 401.36. Enbridge are the ones that take meter reading. We are 2 people in the house, no new changes to equipment. Now our cost is \$303. per month. \$28. per year may seem like a small amount but it is unfair to increase when they are already increasing from 179 per month to 303. saying it's for usage to which we disagree. Again our usage or habits haven't changed. Costs are high enough instead of increasing more.
Regards, M.Rogers
