Subject: EB-2022-0200 Enbridge application for rate increase

Hello.

I just spoke with [REDACTED] of your office and am alarmed at the proposed increase for Commercial Customers in Union South (former customers of Union Gas Limited) Zone 4 at \$1,320.00 for 2024.

We are a small rural church with limited income and able to meet our expenses at this time, but an increase of \$110.00/month for our church may not be sustainable, especially with our aging donor population.

Please take this into consideration when reviewing this application and how it will affect small rural churches and others.

Thank you.

Shirley E. Dale
