When Enbridge took over Union Gas in Stratford, ON in 2019, I was paying \$74/mon. In Sept. 2019 the rate went to \$88, by Aug 2021 it was \$91, and in Aug. 2022, the price went to \$139, a more than 50% increase. I DO NOT agree with you giving them permission to raise my gas bill again. Retired persons live on a fixed income. The most recent increase was hard to take; we do not need another one, especially as gas and oil profits from Canada do NOT remain here.
