LETTER OF COMMENT

Comments:

There is no logical reason to raise prices in the midst of a recession, except for the sake of companies' profits. It is at the expense of the poor and lowly paid laborers this increase is to benefit. Our kids do not have enough to eat. The people's needs for food banks are exploding. The price of all commodities, gas rent, energy is outrageous. Food has become the privilege of the few. This is the best recipe for a social disaster. Sacrifice the youth, the children, the elderly and see what has become of Canada?
