LETTER OF COMMENT

Comments:

Our gas bill is already high 245.00 a month and it is not even the middle of winter yet. I don't know how you expect people to afford to heat their homes. Enbridge is making billions of dollars and Canadians are struggling and they want to raise the price. A few bucks a month is nothing for a gas company but a lot for many families who are struggling to heat their homes, hydro and put food on their table.
