Dear Ms. Marconi:

**Re: EB-2022-0019 Canadian Niagara Power Inc. 2023 IRM Application
CNPI Comments on 2023 Tariff**

On December 8, 2022, the Ontario Energy Board (OEB) issued the Decision and Order with respect to the above-noted Application. Pursuant to section 3 of the Orders, Canadian Niagara Power (CNPI) has reviewed the Tariff of Rates and Charges.

CNPI notes that on December 8, 2022 the OEB also issued Decisions with respect to the Uniform Transmission Rates(UTRs)¹ and Regulatory Charges² to be in effect beginning on January 1, 2023.

Accordingly, CNPI requests that the updated Regulatory Charges be reflected in the final Tariff of Rates and that the calculations of Retail Transmission Rates be updated to reflect the 2023 UTRs. CNPI has attached a Rate Generator model which incorporates the updates to the Retail Transmission Rates and requests the OEB staff update the Regulatory Charges accordingly.

Sincerely,

Oana Stefan
Manager, Regulatory Affairs
