Subject: Enbridge EOB 2022-0200

I wish to be an Intervenor at this upcoming hearing December 2, 2022.

I am an Enbridge customer age 78, my husband is 80 and like all Ontario seniors are struggling to pay our utility bills and stay in our homes. There are no mention of rates being kept at current level when even there are those already struggling to pay these bills!

I want my say!

Sincerely

Liz and Barry Underdown
