Dear Ms. Marconi:

Re: EB-2021-0110 – Hydro One Networks Inc., Joint Rate Application for Tx and Dx Rates and Other Charges - Quinte Manufacturers Association Cost Claim Submission

Please find attached the cost claim documents of the Quinte Manufacturers Association (“QMA”) concerning the above-noted proceeding. The QMA believes its participation in the Joint Rate Application on matters of concern to Association members in the proceeding is fairly and accurately reflected in the costs being claimed. The QMA is pleased with the success of the Settlement Proposal that was approved by the Ontario Energy Board and the effort of all parties involved.

Respectfully,

Michael McLeod
for
Quinte Manufacturers Association

Cc: C. Davis, Chair, QMA
