August 15th, 2008

Attn: Ms. Kirsten Walli, Board Secretary

Dear Ms. Walli:

RE: Parry Sound Power 2009 Rate Application OEB File No. EB-2008-0240

Parry Sound Power has reached the final stage of our rebasing process; our documents are now in the hands of John Todd, *President Elenchus Research Associates Inc.* The final review has been completed and document assembly begins. Once that process is complete Parry Sound Power and ERA will review the final draft together ensuring complete adherence to filing guidelines and clarity of presentation. ERA has advised us that this may take longer than our original plan of completion by the August 15th deadline. Therefore we are seeking an extension to the filing until August 22, 2008. This extension will afford us the extra time to ensure that our application is in full compliance with all requirements.

I trust you will find this request in order and granting an extension will not affect our rate effective date of May 1, 2009. A response is respectfully request by return email as soon as possible.

Should you require further clarity please contact Miles Thompson mthompson@pspower.ca or John Todd, *President Elenchus Research Associates Inc.* JTodd@ERA-INC.CA 416-348-9910.

Miles Thompson
