Application for an Electricity Generation Licence

For Office Use Only	
Application Number	EB-2013-0094
Date Received	Apr. 2/13

1. The Applicant

Legal Name of the Applicant : Leader Resources Services Corp.

Name to Appear on Licence: Leader Resources Services Corp.

Indicate if same as above

If not the same as above, the name must include the legal name of the applicant and the legal name must appear first. The "Name to Appear on Licence" will appear on the notice and on the licence.

Date of formation or incorporation: February 26, 2007

2. Licence Primary Contact

(As a condition of licence, the licensee shall designate a person who will act as primary contact with the Board on matters related to the licence.)

Mr. <input checked="" type="radio"/>	Mrs. <input type="radio"/>	Last Name	First Name	Initial
Miss <input type="radio"/>	Ms. <input type="radio"/>	Edey	Charles	R.
Other <input type="radio"/>		Title/Position/Company		
		President		

Licence Primary Contact Address (if RR, give Lot, Concession No. and Township):

147 Mahood Johnston Drive

City	Province/State	Country	Postal/Zip Code
Kincardine	Ontario	Canada	N2Z 3A2

Phone Number	Fax Number	E-mail Address
519-396-3540	519-396-3690	chuckedey@leaderwind.com

3. Application Primary Contact

Indicate if same as above. Proceed to section 4.

(The primary contact for the licence application may be a person within the applicant's organization other than the licence primary contact noted above. An applicant may also choose to designate a consultant, lawyer, etc. to be the primary contact for the licence application. The Board will communicate with this person during the course of the application but with the licence primary contact after a licence is issued.)

Mr. <input type="radio"/> Mrs. <input type="radio"/> Miss <input type="radio"/> Ms. <input type="radio"/> Other <input type="radio"/> _____	Last Name	First Name	Initial
	<input type="text"/>	<input type="text"/>	<input type="text"/>
	Title/Position		
	<input type="text"/>		
	Company Name if different from Name to Appear on Licence		
	<input type="text"/>		
Application Primary Contact Address (if RR, give Lot, Concession No. and Township),			
<input type="text"/>			
City	Province/State	Country	Postal/Zip Code
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Phone Number	Fax Number	E-mail Address	
<input type="text"/>	<input type="text"/>	<input type="text"/>	

4. Application Type

- New
 Renewal

5. Applicant's Licensing Status and History

(a) Has the applicant, an affiliate of the applicant, or an associated entity (e.g., a partnership or limited partnership), ever been licensed by the Ontario Energy Board? (The *Business Corporations Act* definition for affiliate can be found at www.e-laws.gov.on.ca/html/statutes/english/elaws_statutes_90b16_e.htm.)

- Yes, provide details of current and expired licences in the table below
 No, proceed to section 5(b)

Licensee Name	Licence Number

(b) Has the applicant, an affiliate of the applicant or an associated entity (e.g., a partnership or limited partnership) ever participated in the electricity sector in another jurisdiction within North America?

Yes, provide details of current and expired licences in the table below.

No

Licensee Name	Jurisdiction	Business Activity

6. Key Individuals

The individuals listed as key individuals must be the individuals that are responsible for executing the following functions for the applicant: matters related to regulatory requirements and conduct, financial matters, and technical matters. These key individuals may include the Chief Executive Officer, the Chief Financial Officer, other officers, directors, or proprietors. Identify at least two key individuals. (If the applicant has only one key individual in the organization, identify the one key individual.)

Name of Key Individual	Title/Position within Applicant's Business (or identify company if not the Applicant's Business)
Charles Edey	President
Kathryn Freimanis	Vice President

7. Intended Markets and Services

Does the applicant intend to sell electricity or ancillary services into the IESO administered market? [Ancillary services are defined as services necessary to maintain the reliability of the IESO-controlled grid, including frequency control, voltage control, reactive power, and operating reserve services.]

Yes

No

Does the applicant intend to settle with a distributor for the electricity injected into the distribution system in accordance with the retail settlement system?

Yes, please identify the distribution company Hydro One Networks Inc.

No

Does the applicant intend to sell electricity to another person?

Yes

No

If yes, is this person a consumer (i.e., a person who uses, for the person's own consumption, electricity that the person did not generate?)

Yes (The applicant may require a retailer licence. The application form can be found at www.ontarioenergyboard.ca.)

No

8. Facility Description

Are you applying to be licensed for more than one facility? (Note that a facility may have more than one unit.)

- Yes, please make a copy of sections 8, 9 and 10 for each facility and provide information for each facility.
- No

Generation Type

- Diesel Natural Gas Water Wind

Other, please specify _____

Installed Capacity 1.6 MW

Number of Units 00002

Is the facility dispatchable? Yes No

If you are selling ancillary services, please describe: _____

Facility Name and Address Providence Bay Wind Farm, at Lots 4 and 5, Concession 11, Township of

Central Manitoulin; District of Manitoulin

Licence Responsibility/Qualification Sought

- Owner and Operator
- Owner Only (Please identify operator _____)
- Operator Only (Please identify owner _____)

If you are applying for only one of the two qualifications, please provide information on the status of the other qualification. The information should include confirmation as to whether or not the person or entity seeking the other qualification is licensed and if not, indicate when an application for the other qualification will be filed with the Board.

9. Facility History and Status

Is the facility in commercial service?

- Yes, proceed to section 9(a)
- No, proceed to section 9(b)

(a) Existing Facility

When did this facility achieve commercial operation? July 17, 2007

Are you the original owner and operator?

- Yes
- No, identify previous owner and operator: Schneider Power Providence Bay Inc.

(b) New Facility

Has facility construction commenced?

Yes

No

What is the expected in service date? _____

Please provide a list of all other regulatory approvals required (e.g. environmental, municipal, etc.). Please identify the status of each approval. (Note: Your response may be continued on additional pages.)

10. Connection

What is the voltage at the perimeter of the applicant's property from the output of the generation facility?

50 kV or less, proceed to section 10(a)

greater than 50 kV, proceed to section 10(b)

(a) The *Ontario Energy Board Act, 1998* defines a distribution system as a system for distributing electricity, and includes any structures, equipment or other things used for that purpose. "Distribute", with respect to electricity, means to convey electricity at voltages of 50 kV or less.

Describe the existing or future distribution equipment from the output of the generation facility to the connection point with the Local Distribution Company or to the connection point with the transmission system (e.g., length of line, transformers, etc.).

(Note: Your response may be continued on additional pages.)

Existing distribution equipment. Padmount transformer with underground circuit connected to a 3-phase main disconnect with a T-tap with 3-phase fusible lines into the Hydro One Networks Inc. distribution network.

Does (or will) the applicant own and/or operate the distribution equipment?

Yes

No, identify the owner and/or operator of the distribution equipment _____

If yes, does the applicant own and/or operate the distribution equipment only for the purpose of conveying electricity from the generation facility to the IESO-controlled grid?

Yes

No, describe the purpose of the distribution equipment _____

If the answer to the question above is no, the applicant may require a distribution licence. Please contact the Market Operations Hotline for further information.

Does (or will) the distribution equipment connect the generation facility to the Local Distribution Company?

- Yes, identify the Local Distribution Company Hydro One Networks Inc. and proceed to section 10(c)
 No, proceed to section 10(b)

(b) The *Ontario Energy Board Act, 1998* defines a transmission system as a system for transmitting electricity, and includes any structures, equipment or other things used for that purpose. "Transmit", with respect to electricity, means to convey electricity at voltages of more than 50 kV.

Describe the existing or future transmission equipment from the output of the generation facility or applicant's distribution equipment to the connection point with the transmission network (e.g., length of line, transformers, etc.).

(Note: Your response may be continued on additional pages.)

Does (or will) the applicant own and/or operate the transmission equipment?

- Yes
 No, identify the owner and/or operator of the transmission equipment _____

If yes, does the applicant own and/or operate the transmission equipment only for the purpose of conveying electricity from the generation facility to the IESO-controlled grid?

- Yes
 No, describe the purpose of the transmission equipment _____

If the answer to the question above is no, the applicant may require a transmission licence. Please contact the Market Operations Hotline for further information.

(c) Is the applicant a licensed distributor or transmitter, or an affiliate of a licensed distributor or transmitter?

- Yes, the applicant may be required to give notice to the Board under section 80 of the Act regarding the acquisition of generation facilities by transmitters or distributors. The filing requirements for a notice under section 80 of the Act are found at www.ontarioenergyboard.ca.
 No, the applicant may be required to give notice to the Board under section 81 of the Act regarding the acquisition of transmission or distribution assets by generators. The filing requirements for a notice under section 81 of the Act are found at www.ontarioenergyboard.ca.

(d) Does the applicant intend to obtain from the Ontario Energy Board an order granting leave to construct an electricity transmission line under section 92 of the *Ontario Energy Board Act, 1998*?

- Yes
 No
