**EB-2022-0295 DSM SAC/EAC Call for Nominations for Non-Utility Members Representatives
Pollution Probe Letter of Nomination**

Dear Ms. Marconi:

Pollution Probe received the notice requesting nominations for qualified members of the DSM Stakeholder Advisory Group (SAC) and Evaluation and Audit Committee (EAC). Pollution Probe hereby nominates Michael Brophy for the SAC and EAC. Please find attached the completed nomination form.

A handwritten signature in blue ink, appearing to read "Richard Carlson", with a long horizontal flourish extending to the right.

Richard Carlson
Director, Energy

Cc: Michael Brophy (via email)
Josh Wasylyk (via email)

**Nomination for Appointment to the
Natural Gas Demand Side Management Stakeholder Advisory Group (SAG) and
Evaluation Advisory Committee (EAC)**

Nomination forms must be submitted through the [OEB's online filing portal](#) by 4:45 pm on **January 9, 2023**. Please quote file number **EB-2022-0295** and include Josh Wasylyk at josh.wasylyk@oeb.ca on all electronic correspondence.

Nominee Contact Information	
Nominee Name:	Michael Brophy, P.Eng.. M.Eng. MBA
Company Name:	Michael Brophy Consulting Inc.
Company Address:	28 Macnaughton Road Toronto, Ontario M4G 3H4
Position Title:	Principal
Department:	N/A
Email Address:	michael.brophy@rogers.com

Please provide responses to the items listed on the next page that relate to your nomination and the work of the natural gas demand side management stakeholder advisory group and evaluation advisory committee.

1. Is this a self-nomination?

NO

- a. If not, please indicate which individual(s) / organization(s) the nomination is made on behalf of.**

Pollution Probe

- b. Please indicate if the nominee has confirmed an interest in participating on the Natural Gas Demand Side Management Stakeholder Advisory Group.**

Yes

- c. Please indicate if you/the nominee are also interested in being considered for the Evaluation Advisory Committee.**

Yes

2. Please provide a short description of the nominee's technical experience with natural gas and/or electricity energy efficiency and conservation programming (potential study development, program design, program delivery, etc.) and/or evaluation, measurement and verification work, both in Ontario and other jurisdictions and the recency of the experience.

The candidate has over two decades of direct experience inside and outside Ontario with:

Energy efficiency and conservation potential study development
 Energy efficiency and conservation program design
 Energy efficiency and conservation program delivery
 Evaluation, measurement and verification, including impact evaluations, process evaluations, billing analysis and net-to-gross studies
 Natural gas energy efficient technologies and equipment
 Natural gas system planning and operations
 Commercial and Industrial system processes
 Experience with electricity energy efficiency and conservation programming and evaluation work
 Knowledge of the Ontario market and policy context for Enbridge's DSM activities
 Knowledge of relevant gas and electric best practices inside and outside Ontario

Additional information available on request.

3. Please provide a short discussion of the nominee's knowledge of the Ontario energy landscape and policy context for Enbridge Gas's DSM activities (including relevant work experience in Ontario, participation in OEB proceedings, knowledge of Ontario energy market and policy, etc.). Please also provide any knowledge, understanding and expertise of energy conservation, energy efficiency and energy transition best practices and recent developments in other jurisdictions and describe the relevance to the DSM Stakeholder Advisory Group and/or Evaluation Advisory Committee.

The candidate is an independent expert with almost three decades of experience related to the DSM SAG and EAC. The candidate has been active in relevant OEB proceedings as a participant and expert. The OEB and/or Enbridge has adopted many of the continuous improvement and best practices recommended by the candidate. The candidate has also been a member of relevant OEB energy transition initiatives including the Future of Energy Innovation and the Regional Planning Process Advisory Group (RPPAG).

The candidate has direct experience in developing and delivering the DSM activities outlined in the scope of the DSM SAG and EAC focus. The candidate is familiar with and has direct working experience for DSM activities for all sectors including residential, commercial, industrial and low income.

The candidate has knowledge, understanding and expertise of energy conservation, energy efficiency and energy transition best practices and recent developments in Ontario and other jurisdictions in Canada and the US.

4. Why do you believe that you/the nominee would be a valuable member of the DSM Stakeholder Advisory Group and/or the Evaluation Advisory Committee?

The candidate has deep knowledge and expertise related to DSM, Ontario policy, evaluation, potential studies and the energy transition.

5. If requesting cost eligibility, please explain how the nominee meets the eligibility criteria for an award of costs outlined in Section 3 of the [Practice Direction on Cost Awards](#).

The candidate meets the eligibility criteria for an award of costs outlined in Section 3 of the the Practice Direction on Cost Awards. The candidate is a party that represents a policy perspective relevant to the Board's mandate and to the proceeding for which cost award eligibility is sought. Without the prospect of an award of costs, the candidate's ability to participate in the process will not be possible.
