Hi,

I wanted reach out and voice my concern to not allow this. The increase as a result is not justified and it is concerning that households like my own have the extra worry and burden offering a possible increase of \$28. I am deeply worried that, it will simply become unaffordable as I age. The anxiety and stress this causes is simply not necessary. I ask you to please consider those who may be already struggling with payments and not allow this to happen.

Thank you for you understanding
