Hello,

As a home owner and an Enbridge gas customer I am vehemently opposed to a rate increase of any kind. During these difficult times it is disgusting that a rate increase should be proposed and considered for approval.

This province has become unaffordable for even upper middle class families, let alone those who are struggling.

To get the notification right before Christmas that more increases are coming down the line is despicable.

Many professions have had frozen wages or those capped at 1% per year, due to bill 124.

A concerned citizen of Ontario.

Sincerely,
Danielle Fletcher
