As a senior citizen on a fixed income, I am already struggling with the increases approved to Enbridge in July 2022. My apartment is almost completely gas dependent - all appliances, heating, air conditioning. Further increases will only worsen my financial situation . With no other green options in Ontario, I am concerned about my future. Enbridge profits increased 15% over the last year (40+ Billion). My pension 2.4%. Give us a break until this inflationary cycle ends. PLEASE.
