My husband and I are seniors on a pension. Our monthly equal billing was just raised from \$64.00 per month to \$105.00 per month. That is a substantial increase. With today's economy and inflation on everything, this is too much of an increase already and a further increase will be a burden on many Ontario residents. I am in absolute disagreement with an approval for another increase when the gas and oil companies are already seeing huge profits. Heat is a necessity in Northern Ontario, not a luxury.
