Extremely sad to see Enbridge, asking for another rate increase.  
Our Natural gas bill tripled last month, going from \$59/moth to \$191/month.  
That is over \$2,000 per year, and when I ask about it, all I get is  
everything is going up. Now, another \$91 a year? Perhaps. they need to  
look at other ways of controlling there costs, rather than on the backs of consumers that need the product for  
cooking & shelter.
