Dear Ms. Long,

**RE: EB-2022-0200 Enbridge Gas Inc. 2024 Rebasing Application
Energy Probe attendance at Events**

In Procedural Order No.1, the OEB indicated that “cost eligible intervenors should be aware that the OEB will generally not allow the recovery of costs for the attendance at events of more than one representative of any party. If a party intends to have more than one representative attend an event, the party should file a letter explaining why that is necessary”.

Energy Probe Research Foundation (Energy Probe) is a cost eligible intervenor in the EB-2022-0200 proceeding. Due to the large amount of evidence in this proceeding, Energy Probe is using two consultants, with each consultant focusing on specific parts of the evidence and related issues in the case. It may be necessary for both consultants to be present at certain events that deal with all of the evidence at the same time. For these events Energy Probe will split the time between the two consultants so that the total time and charges claimed will be no greater than if one consultant was present at the event.

Respectfully submitted on behalf of Energy Probe.
