Dear Ms. Marconi:

Re: Enbridge Gas Inc. (“EGI”)
EGI 2023 Federal Carbon Pricing Program
Board File #: EB-2022-0194

We are counsel to Canadian Manufacturers & Exporters (“CME”) in the above-noted proceeding. Pursuant to Procedural Order #1 dated November 14, 2022, please consider this letter CME’s Submissions regarding the application by EGI for approval of its 2023 Federal Carbon Pricing Program.

In its Application dated September 29, 2022, EGI applied for approval of:

- 1) just and reasonable rates for April 1, 2023 to recover the costs associated with the *Greenhouse Gas Pollution Pricing Act*, S.C. 2018, c. 12 and Ontario’s Emissions Performance Standard program as a pass-through cost to customers;
- 2) a rate change reflecting a common Facility Carbon Charge for all customers effective January 1, 2024; and
- 3) a proposal to dispose of the 2021 balances recorded in its FCPP-related deferral and variance accounts effective April 1, 2023.

CME has reviewed EGI's application, as well as the responses provided to CME's interrogatories, and EGI's subsequent evidentiary update provided on December 13, 2022. CME does not oppose the relief sought by EGI in this proceeding.

Yours very truly,
