ONTARIO ENERGY BOARD

Dear Ms. Walli,

RE: EB-2017-0366: Canadian Solar O and M (Ontario) Inc. Application for an Electricity Generation License
EB-2018-0081: TransCanada Energy Ltd. Generator Amendment Application (EG-2009-0024)

On December 1, 2017 Canadian Solar O and M (Ontario) Inc. ("Canadian Solar") filed an application under section 60 of the Ontario Energy Board Act, 1998 (OEB Act) for an electricity generation license as the new operator of three ground-mount solar generation facilities: Liskeard 1 Solar, Liskeard 3 Solar and Liskeard 4 Solar. TransCanada Energy Ltd. ("TCE") currently operates the Liskeard Facilities.

On January 17, 2018, TCE filed an application to amend Schedule 1 of its license to remove from TCE's license the following facilities that will be operated by Canadian Solar O and M (Ontario) Inc. ("Canadian Solar"), effective upon Canadian Solar's completion of the Independent Electricity System Operator's ("IESO") registration process:

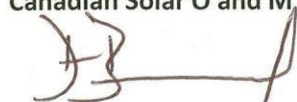

- Liskeard 1 Solar;
- Liskeard 3 Solar; and
- Liskeard 4 Solar; (collectively the "Liskeard Facilities")

On February 1, 2018, the Ontario Energy Board ("OEB") ordered that TCE's license will be amended on the date the OEB receives written confirmation that the transfer of dispatch rights over the Liskeard Facilities to Canadian Solar has been completed. This letter is to confirm that effective March 1, 2018 Canadian Solar has completed the IESO registration process and the transfer of the dispatch rights over the Liskeard Facilities to Canadian Solar has been completed. Accordingly, effective March 1, 2018, Canadian Solar is the operator of the Liskeard Facilities.

If you require any additional information, please don't hesitate to contact the undersigned.

Sincerely,

Canadian Solar O and M (Ontario) Inc.

Dan Barnard
