I speak on behalf of thousands like me, because Canadians tend to be passive to stand up for what is right. I am a senior trying to survive on \$1800 monthly from CPP and OAS. My Enbridge gas rate has DOUBLED since last year and my usage remained the same. I now go to the food bank after having worked hard all my life until age 70, I have nothing left for food by the time I pay my bills currently, and for Enbridge to ask for more money from an empty pocket is completely absurd! It is pure greed using current situations like war in Ukraine, Covid, and any other excuse they can use to make more people pay more. I strongly oppose this. The more people that become homeless because of greedy corporation fees, the less money these companies will actually obtain because nobody will need their gas living on the street!! I am furious and will be more furious if this increase is allowed to proceed.
