I as an Enbridge consumer does not accept any rate increase by Enbridge, as Bill 124 that passed by the Ontario Government has a salary increase of only 1% per year. OEB should consider the other legislations like Bill 124 by Government of Ontario. If the Government of Ontario believes that inflation is only 1%, the same rate increase for all utilities including natural gas and electricity should be also applied. This bill 124 impacted 375000 employees in different sectors like school board, hospital employees, ministry or agency employees and college employees.
