6. Applicant's Licensing Status and History

c) Has the applicant, an affiliate of the applicant, or an associated entity ever undertaken energy sector activity in any other jurisdiction within North America?

BP Canada Energy Group ULC (BPCEG) is involved in various activities in the energy sector across Canada including developing energy from Canadian oil sands in Alberta, exploring for hydrocarbons in offshore areas such as the Arctic and eastern Canada and integrated supply and trading activities in natural gas and power across the country serving producers, distribution companies, industrial, institutional and commercial entities. To learn more visit www.bp.com/Canada

BPCEG has numerous affiliates in North America that are active in on and offshore natural gas and crude oil exploration and production, refining, and integrated supply and trading across natural gas, power, crude oil, refined products, LNG and ngl's.

As the scope of BPCEG's, and its affiliates, energy sector activities in North America is so broad, and an exhaustive listing of all licenses and registrations in respect of those activities would require extensive resources, for the purposes of this question, BPCEG has listed below a representative, but non-exhaustive list, of authorizations attributable to BPCEG's, and certain of its affiliates, integrated supply and trading operations in Canada and a general description of the activities of certain of its marketing affiliates other activities in North America. Further information regarding BPCEG's, or its affiliates, activities in North America, can be prepared if required by the Board. Further information regarding the BP group of companies and its activities can be found at www.bp.com.
