Re: Electricity Wholesale License renewal for Williams Operating Corporation

ONTARIO ENERGY BOARD

To whom it may concern.

Please accept this late Licence renewal application for Williams Operating Corporation so that we can remain a participant in the wholesale market in the province of Ontario. Our current license had expired Aug 15 2016. We just became aware of this situation this week while seeking approvals from Hydro One and the IESO for work ongoing on this site. It appears that the communication that was sent to WOC back in January to remind us to renew the license was not received due to spam filtering on our end. This situation has been resolved and will not happen again.

We are requesting an extension on our license for the time it takes for the OEB to process this application.

If there are any further requirements from our end please feel free to contact me with further direction.

We apologize for the inconvenience this has caused.

Regards

Gary Young
