Dear Nancy Marconi:

**Re: EPCOR Natural Gas Limited Partnership ("EPCOR")
Ontario Energy Board ("OEB") File No. EB-2022-0184
South Bruce IRM Application - Phase 2 – Customer Volume Variance Account
Extension Request**

In the OEB's Procedural Order No. 4, dated December 8, 2022, the OEB established a deadline of February 10, 2023 for EPCOR to file its Reply Argument in the above-noted Proceeding. EPCOR requests that the OEB grant an amendment to the procedural timeline and extend the Reply Argument filing deadline from February 10, 2023 to February 13, 2023. Please consider this correspondence a motion to extend EPCOR's filing deadline, should the OEB deem that a motion is necessary in this circumstance.

ENGLP requires only a minor extension of time to complete this task. We note that the employees involved in finalizing the Reply Submission are currently also engaged in preparations for the upcoming EEDO Cost of Service oral hearing. We submit that this request is reasonable, will not prejudice the other parties to this proceeding, and will not alter any other dates in the procedural order.

Thank you for your consideration. Please do not hesitate to contact the undersigned if you have any questions.

Sincerely,

Tim Hesselink
