ONTARIO ENERGY BOARD

Dear Ms. Walli:

Re: **Energy+ Inc. ("Energy+") 2019 Cost of Service Application;
Board File No. EB-2018-0028; TMMC Request for Confidentiality**

We are writing on behalf of Toyota Motor Manufacturing Canada Inc. ("TMMC") to file two hard copies of TMMC's responses to the Technical Conference Interrogatories from OEB Staff, School Energy Coalition and Vulnerable Energy Consumers Coalition. We are also filing two hard copies, in a sealed envelope marked "Confidential," of an unredacted and confidential version of TMMC's responses to Energy+'s Technical Conference Interrogatories. A redacted version of these responses was filed, through RESS, on January 22, 2019 and unredacted copies of TMMC's responses have been provided to all parties who have signed the requisite Declaration and Undertaking.

The confidential portion of TMMC's responses to Energy+'s Technical Conference interrogatories comprises two M&V Reports included as Attachments A and B to TMMC's response to EnergyPlus-TC 1(b). The M&V Reports contain proprietarial and commercially sensitive information related to TMMC's load, load profile and the output of its load displacement generation facility. The public disclosure of this information would adversely affect the economic and/or competitive interest of TMMC, potentially resulting in undue financial harm. Accordingly, TMMC requests that the M&V Reports be held in confidence and not included in the public record of this proceeding.

Yours very truly,

Dentons Canada LLP
