

Ms. Nancy Marconi
Registrar
Ontario Energy Board
P.O. Box 2319, 27th Floor
2300 Yonge Street
Toronto, ON M4P 1E4

February 27, 2023

**EB-2022-0248 – Mohawks of the Bay of Quinte Community Expansion Project Leave to Construct
Pollution Probe Intervention Request**

Dear Ms. Marconi:

Pollution Probe received the notice for the above noted proceeding and hereby applies for intervenor status and requests that it be eligible for the recovery of reasonably incurred costs for its participation. Pollution Probe represents a direct consumer and policy interest related to this proceeding.

Pollution Probe is a frequent intervenor in Board proceedings, including facility Leave to Construct applications and a copy of our current Annual Filing can be found on the Board's website at the following location:

<https://www.rds.oeb.ca/CMWebDrawer/Record/759269/File/document>

Goals and Objectives

Pollution Probe intends to actively participate in all aspects of this proceeding, including a focus on Project scope, alternatives, costs, Project impacts and Environmental and Socio-economic issues related to the proposed project.

Enbridge has indicated a desire for confidential treatment of certain information in Exhibit F-1-1 and Exhibit G-1-1. Pollution Probe notes that although the application included an external website link to the Environmental Report (listed as Exhibit F, Tab 1, Schedule 1, Attachment 1 in the table of evidence), it appears that the Environmental Report has not yet been filed in this proceeding (i.e. missing from the OEB webdrawer for EB-2022-0248). Pollution Probe requests that a copy of the Environmental Report be placed on the public record.

Intention to Seek Cost Awards

Pollution Probe is a not-for-profit charitable organization. We receive individual donations as well as funding for consumer and research projects, such as on community energy planning, future of natural gas and regulated utility innovation, from a variety of public and private sources. Without the prospect of an award of costs, Pollution Probe's ability to participate in the consultation process would not be possible.

Pollution Probe has been an active and valuable participant in proceedings before the Ontario Energy Board and will continue to coordinate its activities, where appropriate, with other parties which represent consumer, municipal and environmental interests in Ontario.

Pollution Probe respectfully requests your acceptance of this request to participate and confirmation that it will be eligible for its costs.

Notice

Pollution Probe requests that further communications with respect to this matter be sent to:
