Re: Application for Rates - EB-2022-0054

Dear Ms. Marconi:

NOW Inc. acknowledges the programming error regarding the bill impacts tab along with the shared tax adjustment clarification identified by OEB staff. We agree with the proposed adjustments to the rate generator model and Decision.

NOW Inc. has reviewed the Decision and Rate Order for EB-2022-0054 and confirms that we do not have any further comments.

Yours truly,
