Nancy Marconi  
Registrar  
Ontario Energy Board  
2300 Yonge Street, Suite 2700

Dear Nancy Marconi:

**Re: Enbridge Gas Inc. (“Enbridge Gas” or “the Company”)  
Ontario Energy Board (“OEB”) File No. EB-2022-0156  
Selwyn Community Expansion Project  
Intervention Requests**

---

Enbridge Gas has reviewed the intervenor request letters for the above noted proceeding from the following parties:

- Environmental Defence (ED)
- Federation of Rental-housing Properties of Ontario (FRPO)
- Pollution Probe (PP)

Enbridge Gas does not object to the intervention requests made by ED, FRPO and PP, but will comment on two statements from ED’s intervention request letter filed February 15, 2023. In its letter, ED requests that the OEB consider scheduling a Technical Conference in the next procedural order. Regarding this request, Enbridge Gas submits that it is premature for the OEB to make decisions concerning further process steps at this time and that a more appropriate time to make such decisions is after the initial discovery phase of the OEB’s review. ED also makes a request to file evidence in this proceeding. Since no details are provided regarding the nature of the proposed evidence, Enbridge Gas is not able to comment on its relevance at this time. However, the Company reserves its rights to address the proposed evidence on that basis once clarity is provided.

This letter is also to inform the OEB of a change in the Enbridge Gas contact from Brittany Zimmer to Haris Ginis for the above noted proceeding.
