RE: EB-2023-0073 – EGI QRAM Q2 2023 - FRPO Comments on Application/Mitigation

Introduction

We are writing on behalf of the Federation of Rental-housing Providers of Ontario (FRPO) regarding the Enbridge Gas Inc. (EGI) application and as a follow-up to our letter of February 25, 2023.

FRPO Comments on EGI's Application including Advancement of Mitigation

We have reviewed EGI's application including the advancement of mitigation. This approach is generally aligned with our concerns expressed in our February 25th letter and, therefore, support an advancement of the recovery. With our focus on timelines associated with the rebasing proceeding, we performed a general overview of the application and are satisfied with evidence.

In addition, given our previously expressed concerns regarding Vector contracting and load balancing costs being moved to other proceedings, we have no further concerns regarding this application at this time.

Respectfully Submitted on Behalf of FRPO,

Dwayne R. Quinn
Principal
