Toronto, ON M4P 1E4

Dear Ms. Marconi:

Re: EB-2022-0200 – Enbridge Gas Inc. 2024 Rates Application

We have been retained by Guidehouse Inc. (“**Guidehouse**”), in connection with the requests made by certain interveners for production of the model output dataset that underpin the *Pathways to Net Zero Emissions for Ontario* report that forms part of Enbridge’s evidence in this proceeding.

We would be grateful if the undersigned can be added to the counsel list for this proceeding and be provided with the necessary Zoom link to participate in this week’s Technical Conference.

Thank you.

Yours truly,

McCarthy Tétrault LLP
