Toronto, ON M4P 1E4

Dear Ms. Marconi:

**Re: EB-2022-0200 – Enbridge Gas Inc. 2024 Rates Application**

We write in response to Mr. Elson's letter filed today (the "**Letter**"), on behalf of our client Guidehouse Inc.

We are now prepared to provide the data spreadsheets in response to JT.1.28, with internal Guidehouse team member notes removed. These are the same spreadsheets referenced in the Letter. However, our client requires sufficient time to convert the spreadsheets from 'machine' readable format, to 'human' readable format. We therefore respectfully request that we be given until end of day on April 4, 2023 to deliver the spreadsheets to the requesting interveners.

We are agreeable to deferring the issue of disclosure of the computer program/model to the motions day, if necessary, as proposed in the Letter.

Yours truly,

**McCarthy Tétrault LLP**
