Re: Ontario Power Generation Inc. Application to Establish a Variance Account
AMPCO Intervention Request
Board File No. EB-2023-0098

Dear Ms. Marconi:

I am writing pursuant to the OEB's Notice regarding the above proceeding to request intervenor status.

AMPCO's Interest

AMPCO is a not-for-profit consumer interest advocacy organization. AMPCO's members represent Ontario's major industries: forestry, chemical, mining and minerals, steel, petroleum products, cement, automotive and manufacturing and business consumers in general. AMPCO members are major investors, major employers and a major part of communities in which we operate, across Ontario.

AMPCO and its member companies are well known to the Board. AMPCO participates in many proceedings, working groups, consultations and initiatives of the Ontario Energy Board in which matters relevant to Ontario's large electricity consumers are being addressed. AMPCO was approved by the OEB as an intervenor in OPG's 2022-2026 Cost of Service proceeding.¹

AMPCO's interest in the Board's regulation of distribution and transmission companies relates generally to the interests of consumers with respect to price, adequacy, reliability, affordability and quality of electricity service, and, more particularly, to how costs are allocated to, and rates are designed to recover costs from, industrial customers.

OPG requests the approval to establish a variance account to record the nuclear revenue requirement impacts resulting from the Ontario Superior Court overturning the Protecting a Sustainable Public Sector for Future Generations Act, 2019 ("Bill 124"), which prescribed limits on compensation

increases in the Ontario public sector, including OPG. AMPCO is intervening to review and assess the appropriateness of OPG's increase and generally to represent the interests of large use customers in this process.

We respectfully request that the Board please confirm AMPCO's eligibility for an award of costs in this matter.

Notice

Please serve all correspondence pertaining to this proceeding to AMPCO's consultant as follows:
