Toronto, ON M4P 1E4

Dear Nancy Marconi:

**Re: Enbridge Gas Inc. (Enbridge Gas, or the Company)  
EB-2022-0200 - 2024 Rebasing – Confidential Treatment**

Enbridge Gas filed its 2024 Rates Application and the majority of its supporting evidence on October 31, 2022 and the balance of its evidence on November 30, 2022. In this Application, Enbridge Gas requests approval of rates for the sale, distribution, transmission, and storage of gas commencing January 1, 2024. Enbridge Gas also applies for approval of an incentive rate-making mechanism (IRM) for the years from 2025 to 2028.

On March 22, 2023 Enbridge Gas's counsel filed a letter attaching two documents: (i) a detailed overview of the LCP model; and (ii) an Excel spreadsheet including inputs used for the Enbridge Gas LCP model. Included with the letter was a request for confidential treatment of certain parts of the attached information.

Subsequent to filing this letter, Enbridge Gas filed its undertaking responses on April 6, 2023. With this filing, the request for confidential treatment of the Excel spreadsheet noted as (ii) above is no longer required. Confidential treatment of the detailed overview of the LCP model noted as (i) is still requested, as noted in the March 22, 2023 letter.

Should you have any questions, please let us know.

Sincerely,

Vanessa Innis  
Manager, Strategic Applications – Rate Rebasing
