Dear Ms. Robertson:

**Re: Synergy North Corporation
Application for the Disposal of Accounts 1588 and 1589
Ontario Energy Board File Number: EB-2023-0106**

Synergy North Corporation (Synergy North) filed an application with the Ontario Energy Board (OEB) on March 13, 2023, under section 78 of the *Ontario Energy Board Act, 1998* seeking approval to dispose of the balances in two deferral and variance accounts.

Notice of Hearing and Procedural Order No. 1 was issued on March 29, 2023. In that document, the OEB asked parties to apply for intervention status by April 12, 2023 if they wished to participate as an intervenor.

On April 12, 2023, Vulnerable Energy Consumers Coalition (VECC) filed an intervenor form with the OEB asking for intervenor status in this proceeding. VECC was an intervenor in Thunder Bay Hydro Electricity Distribution Inc.'s last cost of service application¹ and Kenora Hydro Electric Corporation Ltd.'s last cost of service application.²

This letter confirms that VECC is approved as an intervenor. VECC is eligible to apply for an award of costs under the OEB's [Practice Direction on Cost Awards](#).

Nancy Marconi
