**AND IN THE MATTER OF** an application by Whitby  
Hydro Energy Services Corporation for a smart sub-  
metering licence.

By delegation, before: Jennifer Lea

## **DECISION AND ORDER**

Whitby Hydro Energy Services Corporation filed an application dated January 21, 2008 with the Ontario Energy Board under section 60 of the *Ontario Energy Board Act, 1998* (the “Act”) for a smart sub-metering licence.

The Board’s Notice of Application and Written Hearing for a smart sub-metering licence was published on February 19, 2008. No parties responded to the Notice of Application and Written Hearing.

The applicant is engaged in smart sub-metering activities, as prescribed by Ontario Regulation 443/07—*Licensing Sub-Metering Activities* (made under the Act). This regulation came into force on December 31, 2007.

Pending the final disposition of the matter, the Board issued two interim orders on January 30, 2008 and May 29, 2008 under sections 21(7) and 6(4) of the Act granting a short-term smart sub-metering licence to the applicant.

After considering the application, it has been found to be in the public interest to issue a smart sub-metering licence to the applicant under Part V of the Act.

**IT IS THEREFORE ORDERED THAT:**

The application for a smart sub-metering licence is granted, on such conditions as are contained in the attached licence.

**DATED** at Toronto, August 22, 2008.
