Dear Ms. Marconi,

RE: Hydro Hawkesbury Inc. 2024 Cost of Service Application (EB-2023-0029)

We are writing to confirm that Hydro Hawkesbury Inc. ("HHI") is working diligently on its Cost-of-Service Application for rates effective January 1, 2024. Unfortunately, HHI has determined that we will not be in a position to meet the May 28, 2024, filing deadline. As a very small utility HHI has few internal resources and is heavily reliant on external resources to support the preparation of its application. At the moment HHI is awaiting the completion of some external work from its accounting firm MNP before being able to complete and finalize its filing.

HHI believes that it will be able to file its Cost-of-Service rate application with the OEB by July 31, 2023, although we will endeavor to file earlier if possible.

If there are any questions with respect to the foregoing, please feel free to contact the undersigned.

Yours truly,

Michel Poulin
General Manager
