## DECISION AND ORDER

Renfrew Power Generation Inc. filed an application on March 21, 2023, under section 60 of the *Ontario Energy Board Act, 1998* (OEB Act), for renewal of its electricity generation licence.

This Decision and Order is being issued by the Delegated Authority, pursuant to Section 6 of the OEB Act. The Delegated Authority has considered the application without holding a hearing pursuant to section 6(4) of the OEB Act.

Renfrew Power Generation Inc. owns and operates three hydroelectric generation facilities, with total installed capacity of 6 MW, located in Renfrew, Ontario.

After considering the application and assessing the technical capability and financial viability of the applicant, the OEB finds that it is in the public interest to grant the application and issue an electricity generation licence to Renfrew Power Generation Inc.

### IT IS ORDERED THAT:

1. The application is granted, on such conditions as are contained in the attached licence.
