Re: Notice of 2006 Distribution Rate Application - RP-2007-0552

In accordance with the instructions provided by the Board in its Letter of Direction dated August 22, 2005 we wish to confirm that the following activities have been completed:

1. We have published the Notice, headed with the Ontario Government logo and the words "Ontario Energy Board" in our local newspaper, The London Free Press, on February 10, 2007.
2. Due to the absence of any daily or weekly French newspapers in our service area, we have published both French and English versions of the Notice in the London Free Press on February 10, 2007.
3. As we are not a host distributor, no action was taken on item 3 from the letter of direction dated February 5, 2007.
4. This letter is to stand as the affidavit requested.
5. London Hydro has copies of the application available for viewing at our office and we have posted the application on our website.
6. Anyone requesting material will be sent an electronic version upon request.

Please contact me directly for any further information.

Yours truly
