Dear Customers of InnPower Corporation,

InnPower Corporation has applied to the Ontario Energy Board to increase our electricity distribution rates. Please review the Ontario Energy Board's Notice of Hearing to learn more and to find out how you can participate in the Ontario Energy Board's hearing.

The Ontario Energy Board's Notice of Hearing can be found attached, or on [InnPower's Website](#).

If the application is approved as filed, residential customers would see no change to their monthly distribution service charge, which is capped under the provincial Distribution Rate Protection program.

A typical customer of InnPower Corporation in the General Service less than 50kW rate class would see an increase of \$1.97 per month if the application is approved as filed. Other customers, including businesses, may also be affected.

Thank you,

Customer Service
