Dear Nancy Marconi:

**Re: Enbridge Gas Inc. (Enbridge Gas, or the Company) EB-2022-0200 - 2024  
Rebasing – Phase 1 Response Evidence to be filed by Enbridge Gas**

Enbridge Gas filed its 2024 Rates Application and the majority of its supporting evidence on October 31, 2022 and the balance of its evidence on November 30, 2022. In this Application, Enbridge Gas requests approval of rates for the sale, distribution, transmission, and storage of gas commencing January 1, 2024. Enbridge Gas also applies for approval of an incentive rate-making mechanism (IRM) for the years from 2025 to 2028.

On May 23, 2023, Enbridge Gas indicated in a letter to the OEB that it would be filing evidence by June 19, 2023, in response to expert evidence authored by Drs. Howarth and Jacobson filed by Environmental Defence on May 11, 2023. Please see the enclosed responding evidence from Enbridge Gas. Enbridge Gas will post this evidence on its website at <https://www.enbridgegas.com/about-enbridge-gas/regulatory> and will send a copy of this letter and a link to the website page to all parties in this proceeding.

Should you have any questions, please let us know.

Sincerely,

Vanessa Innis
