Eagles soar to finals

WESES student Shalena Horst readied a serve during the volleyball playoffs held at the WESS gym Nov. 27. The girls team won against Southwold in the final round. The boys team won against New Sarum on Nov. 26. Both the boys and girls divisions will advance to the TVDSB Finals Dec. 6. WESES volleyball advance to finals

The West Elgin Senior Elementary School Boys and Girls Volleyball teams are heading to the TVDSB Finals Dec. 6.

The Thames Valley District School Board will host 48 Boys and Girls teams at this year's Elementary Volleyball Championships. Approximately 120 Boys teams and 122 Girls teams competed to advance to the Finals.

The Boys and Girls teams will give it their best as they vie for the AAA Championship.

"The boys last won it in 2004 and the

girls last won it in 2001. That's some really intense competition when you get to that level. But both teams are poised and ready to give it their best shot," said Dean McLenaghan, a WESES Gr. 8 teacher.

Neither team will know what schools they'll be competing against until sometime Dec. 4.

The Girls team qualified for the finals after beating the Southwold team Nov. 27.

The Boys team qualified for the finals after winning against the New Sarum team Nov. 26.

EB-2008-0196

NOTICE OF APPLICATION AND WRITTEN HEARING FOR AN ELECTRICITY DISTRIBUTION RATE CHANGE Newbury Power Inc.

The Ontario Energy Board has received an application on November 5, 2008 under section 78 of the Ontario Energy Board Act, 1998, S.O. 1998, c. 15 (Schedule B), seeking approval for changes to the rates that Newbury Power Inc. ("Newbury") charges for electricity distribution, to be effective May 1, 2009. The Board has assigned the application file number EB-2008-0196. The Board's decision on this application may have an effect on all of Newbury's customers. The application was filed under the Board's guidelines for 2nd Generation Incentive Regulation, which provides for a mechanistic and formulaic adjustment to rates between cost of service applications.

Any change to the rates that Newbury charges for electricity distribution will be reflected in the delivery charges. Delivery charges are one of four regular items on residential and general service customers' electricity bills and vary depending on the amount of electricity consumed.

Newbury indicates that if the application is approved as filed, a residential customer consuming 1,000 kWh per month would experience an approximate 4.1% increase in their delivery charges. This is a \$1.82 increase per month on their bill. A small general service customer consuming 2,000 kWh per month and having a monthly demand of 50 kW or lower would experience 3.2% increase in their delivery charges. This is a \$2.64 increase per month on their bill.

How to see Newbury's Application

Copies of the application are available for inspection at the Board's office in Toronto and on its website, www.oeb.gov.on.ca, and at Newbury's office and may be on its website.

How to Participate in the Rate Proceeding

The Board intends to proceed with Newbury's rate change application by way of written hearing unless a party satisfies the Board that there is good reason for holding an oral hearing. If you object to a written hearing in this matter, you must provide written reasons why an oral hearing is necessary. Any objections to a written hearing must be received by the Board and copied to the applicant at the addresses below no later than December 8, 2008. The Board will not be awarding costs in this matter.

Anyone who wishes information and material from the applicant that is in addition to the evidence filed with the Board and that is relevant to the hearing, shall request it by written interrogatories filed with the Board and delivered to the applicant on or before December 22, 2008. The applicant shall file with the Board complete responses to the interrogatories and deliver them to all parties who asked interrogatories no later than January 5, 2009.

Anyone who wishes to make a submission on the application must file that written submission with the Board and deliver it to the applicant by January 19, 2009. If the applicant wishes to respond to the submission(s), the written response must be filed with the Board and delivered to all parties who made submissions by February 2, 2009.

How to File Documents with the Board

If you already have a user ID, please submit your interrogatories or submission through the Board's web portal at www.errr.oeb.gov.on.ca. Additionally, two paper copies are required. If you do not have a user ID, please visit the Board's website under e-filings and fill out a user ID password request. For instructions on how to file and naming conventions, please refer to the RESS Document Guidelines found at www.oeb.gov.on.ca, e-Filing Services. Those who do not have internet access are asked to submit their interrogatories or submission on a CD or diskette in PDF format, along with two paper copies. You may also send your submission by post or e-mail to the addresses below.

In responding to this Notice, please include Board file number **EB-2008-0196** in the subject line of your e-mail or at the top of your document. It is also important that you provide your name, postal address and telephone number and, if available, an e-mail address and fax number.
