**Re: Kingston Electricity Distribution Limited - Licence No. ED-2003-0057  
CDM Expenditures Funded under the Third Tranche of Market Adjusted Revenue  
Requirement (MARR)**

Under section 21.4 (b) of the Ontario Energy Board Act, Kingston Electricity Distribution Limited is requesting to proceed without a hearing on the following matters:

- 1) The Board grant an extension to April 30, 2008 for Kingston Electricity Distribution Limited to complete the Conservation and Demand Management (CDM) programs related to the third tranche of the MARR related funding.  
**Note: no additional funding is being requested.**
- 2) The Board approves the reallocation of \$85,000 of CDM funds initially proposed for Electric Hot Water Tank Efficiencies (\$40,000) and System Optimization / Reduction of Distribution Losses (\$45,000) to a new category "Energy Efficiencies". After reviewing the previously proposed "Electric Hot Water Tank Efficiencies" it was determined that there were not sufficient opportunities to proceed with this program. A review of the System Optimization / Reduction of Distribution Losses revealed opportunities but not sufficient time to proceed under the MARR Third Tranche CDM timelines.

Please direct any questions you may have to Ken Mundell, Conservation & Demand Management Advisor at 613-546-1181 ext. 2247 or by e-mail to: [kmundell@utilitieskingston.com](mailto:kmundell@utilitieskingston.com)

Yours truly,

Jim Keech  
President and CEO  
Kingston Electricity Distribution Limited
