Registrar
Ontario Energy Board

Dear Ms. Marconi:

**Re: Renfrew Hydro Inc. (Renfrew Hydro)
Application for 2024 Electricity Distribution Rates
Ontario Energy Board File Number: EB-2023-0049**

In accordance with Procedural Order No. 1, OEB staff advises the OEB that parties have agreed to use the standard Issues List for Renfrew Hydro's 2024 distribution rate application. The proposed Issues List is attached.

Further, parties are requesting that the OEB waive the requirement under rule 26.02(e)(ii) of the *Rules of Practice and Procedure* that the interrogatories correspond to the issues list. Parties are requesting that they may file interrogatories according to the exhibit numbers in the application. Parties believe this approach is more efficient and likely less costly.

OEB staff also advises that parties indicated that, given that the proposed Issues List was prepared prior to the interrogatory process, parties may wish to raise additional matters for inclusion on the issues list after the responses to the interrogatories are received.

Yours truly,

Margaret DeFazio, P.Eng.
