Dear Ms. Walli:

RE: Enbridge Gas Distribution Inc. and Union Gas Limited
2008 Rates Applications
Ontario Energy Board File Numbers EB-2007-0606 / EB-2007-0615

Aegent Energy Advisors Inc. (Aegent) has been retained by the Ontario Association of Physical Plant Administrators (OAPPA) to assist OAPPA on matters related to the above-noted applications. Aegent submits this letter of intervention on behalf of OAPPA.

OAPPA is seeking status as an intervenor in the EB-2007-0606 / EB-2007-0615 combined proceeding and provides the following information:

1. OAPPA is a not-for-profit organization whose membership includes physical plant administrators for 17 Ontario universities, the majority of whom are customers of either Enbridge Gas Distribution or Union Gas. As a result, OAPPA will be directly affected by the Ontario Energy Board's decisions on the 2008 rates applications of Enbridge Gas Distribution and Union Gas. Therefore, this proceeding is of direct interest to OAPPA.
2. The precise nature of OAPPA's intervention in terms of the exact matters on which it may focus will be determined by OAPPA once it has reviewed the evidence of the two utilities.
3. Should OAPPA move forward with an active intervention, OAPPA expects to seek an award of costs. With respect to the cost eligibility criteria set out in section 3.03 of the Ontario Energy Board's Practice Direction on Cost Awards, in particular criterion (a), OAPPA represents the direct interests of certain ratepayers in relation to regulated services.

4. OAPPA's preference would be for an oral hearing. OAPPA considers an oral hearing to be the most effective approach for addressing a comprehensive rates application.
5. OAPPA requests that all correspondence and documents be directed to:
