Michael Engelberg
Assistant General Counsel
Hydro One Networks Inc.
15th Floor, North Tower
483 Bay Street
Toronto ON M5G 2P5

Dear Mr. Engelberg:

**Re: Hydro One Networks Inc.
Leave to Construct Application for
Woodstock Area Transmission Reinforcement Project
Board File No. EB-2007-0027**

As you may be aware from the interrogatory process, the Board is reviewing Hydro One Network Inc.'s proposal that no capital contributions would be required from the transmission customers in this matter.

The Board is currently processing applications filed by each of Hydro One Networks Inc. (EB-2006-0189) and Great Lakes Power Limited (EB-2006-0200) for review and approval of their respective connection procedures pursuant to section 6.1.5 of the Board's Transmission System Code. The Board is processing these two applications in a combined proceeding and will consider the issue of capital contributions associated with transmitter connection facilities (the "Combined Proceeding").

The Board has decided that it will not issue a decision in this matter until a decision is rendered in the Combined Proceeding (the "Combined Proceeding decision"). It is anticipated that the Combined Proceeding decision will be issued in late July or early August 2007 and the decision in this matter will be issued around mid-August 2007.

Yours truly,

Peter H. O'Dell
Assistant Board Secretary

c. Glen MacDonald, Hydro One Networks Inc.
