Dear Ms. Walli:

Re: Oshawa PUC Networks Inc. (ED 2002-0560)
Board File Number EB-2007-0710

Please find enclosed two (2) paper copies of Oshawa PUC Networks Inc.'s final submission regarding File Number EB-2007-0710. Copies of this submission have been sent to all the interveners by email.

In their submission, Board staff indicated that it would be helpful to study the calculations used to determine the total amounts for LRAM and SSM submitted for disposal as part of this Application. The model is Excel-based and so could not be submitted using the Board's electronic submission system (RESS). It is also too large to be sent via email. For these reasons, two (2) electronic copies are included with this Final submission.

Yours truly,

Michael Chase
Corporate Controller
