Re: Hydro One Networks Inc.

Our vote is "NO INCREASE" & "NO CHANGES" to our billing.

They already changed the billing system 2 or 3 times - at "WHAT COST" now to simplify, they will waste more money to hide more of the costs again.

They have not learned accountability nor integrity in their handling of our funds.

Three times we have asked in writing for these figures - What was the debt when they added "debt paydown" to our bills?

How many million Ontarians have paid?

How many millions have they collected?

What is the balance of their debt now?

Never once did we get a response.

Last item - in the real world - if you don't do your job - you get fired & if union is involved there might be a pay back of pension pmts - But when you get Fired - you do not get a "Bonus" that is more than many a common hydro consumer sees in a lifetime.

Thank you for considering

Our opinions.
