**DECISION AND ORDER**

Mississippi River Power Corp. (Mississippi River) filed a complete application with the Ontario Energy Board (OEB) on June 21, 2023, under section 60 of the *Ontario Energy Board Act, 1998* (OEB Act) for renewal of its electricity distribution licence EG-2003-0140, which is set to expire on October 16, 2023.

This Decision and Order is being issued by the Delegated Authority, pursuant to Section 6 of the OEB Act. The Delegated Authority has considered the application without holding a hearing pursuant to section 6(4) of the OEB Act.

The applicant is currently licensed to own and operate the Brian J. Gallagher Generating Station, located in Almonte, Ontario.

After considering the application and assessing the technical capability and financial viability of the applicant, the OEB finds that it is in the public interest to grant the application and issue the electricity generation licence to Mississippi River Power Corp.

**IT IS ORDERED THAT:**

1. The application is granted, on such conditions as are contained in the attached licence.
