Issues:

This application relates to early access and finalization of routing, environmental and engineering surveys, and other related activities for the Panhandle project currently under consideration in EB-2022-0157. Pollution Probe represents a consumer and policy interest in this project. Relevant items from the Leave to Construct issues list applicable to this application including project need, routing, socio-economic and environmental impacts and form of landowner agreements. The approvals requested in this application relate to those issues and will result in negative environmental and socio-economic impacts if not properly considered and mitigated.

Policy Interests:

Please refer to section 4.

Hearings:

N/A

Evidence:

At this time Pollution Probe does not intend to commission expert evidence. Pollution Probe may provide relevant materials to the OEB during the proceeding, but this can likely be accommodated through the normal proceeding process for this type of application.

Coordination with Other Intervenor:

Pollution Probe will continue to coordinate with intervenors, and relevant stakeholders related to this project.

Cost Awards:

Pollution Probe respectfully requests your acceptance of this request to participate and confirmation that it will be eligible for its costs.

Pollution Probe is a not-for-profit charitable organization. We receive individual donations as well as funding for consumer and research projects. Without the prospect of an award of costs, Pollution Probe's ability to participate in the consultation process would not be possible.
