Toronto, ON
M4P 1E4

Dear Ms. Marconi:

Re: EB-2023-0209 – Ontario Power Generation Inc. Motion to Review and Vary the June 27, 2023 Decision and Order in EB-2023-0098

This letter is further to the Ontario Energy Board's Procedural Order No. 1 dated July 25, 2023 in which the OEB established the schedule for parties' submissions with respect to the above noted proceeding. This letter is to request an amendment to that schedule.

Procedural Order No. 1 established September 8, 2023 as the date on which Ontario Power Generation Inc. ("OPG") is to file its reply submissions. Unfortunately, due to scheduling constraints and conflicts arising because of both the statutory holiday and the availability of key personnel necessary to complete and authorize the filing of OPG's reply submission, additional time to file reply submissions is required. As a result, OPG would be able to file its reply submissions on or before September 18, 2023. OPG will file its Argument-in-Chief on August 11, 2023 in accordance with the established schedule. OPG also proposes that the filing date for OEB staff and Intervenor's submissions be extended until August 30, 2023 to provide Intervenor and OEB staff with the same number of days in advance of filing as provided to OPG with the proposed amended schedule for its reply submission.

If you have any questions, please contact me at 416-592-2976.

Respectfully submitted,

Saba Zadeh
